Instructions to students and Parents:

- Kindly note- we are just a few weeks away from the second term Board Examination which is likely to be held in March/April 2022. The Board practical examination and internal is tentatively scheduled to be held in March 2022. As the term 2 question paper patterns are different from term 1, it is very essential to solve maximum sample papers which will be shared by your respective subject teachers, as well as you can refer CBSE official website.
- There will be revision sessions and enhancement classes by the teachers after the regular school hours and it is mandatory for every student to attend as per the instructions from the respective subject teachers.

- Parents are requested to be in touch with their wards' teachers until the final Board Examination.
- Those students who are attending classes from home in online mode, must attend the class on time and keep the camera ON throughout.
 - *It has been observed that there are many parents who haven't cleared their wards' fee of CBSE examination as well as school tuition fee. All these parents are once again reminded to pay the pending fee on or before 5th February 2022. After the payment, parents are requested to collect the 'No Due Certificate' from the accounts section and the copy of the same shall be shared with the respective class teachers.*
 - *Parents who have already paid fee up to the month of March 2022 will get the 'No Due Certificate' from the respective class teachers.*

Please ensure that the COVID protocols, SOPs and the ministry guidelines are followed by the students at all times as intimated to you in our earlier circulars.

We solicit your cooperation to ensure the health and safety of all our stakeholders.

With best regards
