INDIAN SCHOOL SALALAH KINDERGARTEN SECTION

Co-Curricular Activities (2019-2020)

"Creativity is the secret sauce to Science, Technology, Engineering and Math"- Ainissa Ramirez

Co-Curricular activities are undertaken side by side with the curricular activities. It gives the students an opportunity to develop particular skills and exhibit their non-academic abilities. We are happy that we at Kindergarten in Indian school Salalah have been very successful in giving our children many platforms to showcase their diverse talents. Co-curricular activities are the important part and parcel of educational institutions to develop the students' personality as well as to enrich the classroom learning.

We are delighted and zealous to welcome all our students to a new world of activities that gives you a better insight and gives you an opportunity to choose what you enjoy and what you wish to learn. These activities stimulate playing, acting, singing, recitation, speaking and narrating in students. They also develop a sense of belongingness which motivates them to learn more.
