

INDIAN SCHOOL SALALAH

(Circular Dated: 11/03/2018)

Dear Parent,

The “**School Monitored Safe Transport System**” which was launched in April 2017 is running safely and efficiently. As we complete one successful year, we are grateful to each and every one of you for your whole hearted support and cooperation in making this new initiative a success. We started with 6 buses in 8 routes in and around Salalah and with the continued support from the parents we were able to add one more bus in the month of January 2018.

We would like to invite more students to use the School Monitored Safe Transport System. As a responsible institution, we are committed towards the safety of our children which is our prime concern and we appeal to you to join us in this effort in creating a safe environment for our children.

The MOE, Oman is working to develop a safe and modern School transportation system for all the schools in Oman & CBSE also emphasizes on the safety of school children in the school bus vide CBSE circular, CBSE/AFF/Circular-8/2017/1217401 dated 23/02/2017 (which can be viewed fully in the CBSE website). The circular not only urges the parents to be equally responsible for the safety of their children while commuting to and from school and also to avoid using transport services not having valid license or permit to carry school children.

We request you to kindly enroll your ward for the School Monitored Safe Transport System for the best interest of our children.

The locations and rates are as follows
