

INDIAN SCHOOL SALALAH

(CIRCULAR DATED 12.05.2019)

GIFT A BOOK: HELP THE NEEDY AND SAVE THE ENVIRONMENT

Dear Parents,

'Gift a Book: Help the Needy and Save the Environment' is a scheme promoted by the BOD, Indian Schools in Oman, to encourage the young learners under its umbrella to inculcate social and environmental values. This initiative is expected to value their books and support the needy, which in turn would teach them the core eco-friendly values, i.e. reduce, retain and reuse.

Who will be the beneficiaries of the scheme?

- a) The children who would like to use the used text books.
- b) All the children who will pledge their interest to gift their used textbooks at the end of the academic year.

It is a golden opportunity for everyone to move an inch towards saving the environment by supporting each other. Your wards can join this movement of gifting the used test books.

If you are interested in gifting the used text books as well as receiving the used textbooks, fill in the consent slip attached and **register the names of your ward with the respective class teacher on or before 28/5/2019. Kindly remember to hand over the used textbooks (Mathematics, Science and Social Science) to the class teacher at the end of the academic year after the final examination, when you come to receive the progress report.**

DR. S SRINIVASAN
Acting Principal
