

INDIAN SCHOOL SALALAH

(Circular No. ISS/DP/024/2021-22 Dated : 24/08/2021)

Dear Parents,

Greetings from Indian School Salalah !!

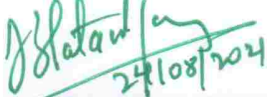

I hope you have taken the facility provided by Ministry of Health to vaccinate students of Indian School of Age 12 and above. In case your ward has not taken vaccine yet, kindly inform his/her class teacher so that the school can follow up with MOH to find out the possibility of vaccination for the students who could not take the vaccine in the first round.

We have observed that there are number of parents whose previous year outstanding fees are overdue as well as the fees for the current academic year. Parents are once again reminded to pay the outstanding fees at the earliest and share the payment details to the Accounts office and respective class teacher. You are also encouraged to use online payment mode or can use drive-in facility provided to pay the fees at school.

Those parents who are coming to school to pay the fees or for any other office correspondence, should strictly follow the COVID safety protocols. You are also advised not to bring your children to the school for any work since we have not received permission.

During your visit to the school, you are requested to kindly follow the instructions given by our school staff on duty.

Your co-operation in this regard is highly solicited.
