

## **INDIAN SCHOOL SALALAH**

(Circular Dated: 23/06/2012)

Dear Parents,

During the past few years, the school has taken ample initiatives to enhance the quality of education by expanding the infrastructural facilities that supported the academic environment. At the same time all efforts were made to retain and attract quality teaching staff to improve upon the academic performances. Consequent to the effort, our school was adjudged the most improved School in 2011 by His Excellency, Ambassador of India to Oman, followed by excellent board results of our students of Class X and XII in 2012. The performance statistics clearly exhibit achievements compare to the past. The performance standard is now to be carried through; certainly the expectation from the Teachers is going to be even more demanding.

Considering the above it is desirable that the School compensate the Teachers for their hard work. As such in line with a decision arrived to pay minimum basic salary of RO 200/- to all the Teachers, it has become imperative for the management to raise the tuition fees by RO 2/- per month with effect from April 2012 to augment its financial resources.

We trust that the parents and the community would continue to support our effort in augmenting quality of education for our children.

**CYRIL SAMUEL**

President – School Management Committee
