

## **INDIAN SCHOOL SALALAH**

(Circular Dated: 02/11/2016)

Dear Parent,

### **Subject: - Traffic and Safety**

Our school is trying to regulate the traffic during the busy pre/post school hours in order to avoid congestion and accidents. School staff are on duty outside during mornings and afternoons. Your support and cooperation will help us improve the traffic related problems before and after school hours. You are requested to cooperate with our volunteers and follow the traffic rules:

- **Kindly park your vehicles in the parking lot.**
- **Please avoid stopping your vehicle in the middle of the road to drop your children or to collect them. This may cause inconvenience to others and lead to traffic congestion.**
- **Please do not take U-turn near the school gates.**
- **Kindly avoid parking your vehicles in the "NO PARKING AREA" adjacent to the school gates.**
- **You are requested to follow the instructions by our volunteers and not to get into arguments with them as we are working for the safety of our school children.**

As we understand the value of your time, we have taken these measures to ease the traffic block in front of the school. Your support in this regard will definitely be very important to us in ensuring the safety of students.

Apart from the traffic issues, other safety measures are also important. We request all the parents to support our efforts by doing the following.

- Walk your child into school or make sure that your ward walks to school in a group and not alone.
- Pick up your wards from the waiting shed of the school instead of requesting the child to wait outside the school.
- **Drop the KG and Primary class kids to the same side of the school gate and never leave them to cross the roads alone.**
- Physically see your child while entering into the transport to school and also be available when she/he is dropped after school.
- Instruct your child to be alert – of people, places, vehicles or any situation which is not familiar.
- Never leave any child alone in the car, even if only for a few minutes.
- Be vigilant when your child goes for other classes/tuition after school hours – do not send the child alone and do not use roads which are deserted and dark.

We expect your full cooperation to ensure the safety of **our school children** .

Regards,

**T R BROWN**

Principal
