He started dreaming about the pot of curd. He dreamt, “By morning the pot of milk will set, it will be converted into curd. I will churn the curd and make butter from it. I will heat the butter and make ghee out of it. I will go to the market and sell the ghee and make some money. With that money, I will buy a hen. The hen will lay eggs which will hatch and there will be many hens and cocks. I will soon have a poultry farm of my own. I will be very rich. Then, I will marry a beautiful girl from a rich family.
