

**INDIAN SCHOOL SALALAH**  
(Circular dated: 29/08/2018)

Dear Parents,

**Sub: Tele Counseling round the clock**

The Academic Sub-committee of the Board of Indian schools in Oman has harnessed the skills and expertise of the Counsellors of different Indian Schools and initiated a praiseworthy move in providing round-the-clock **Tele-Counseling** services to all students of Indian Schools across Oman.

It strives to meet the unique needs of each student irrespective of age, gender, socio economic status, or culture and offer free, confidential and non-judgmental support in times of despair due to personal or academic concerns. A team of qualified counsellors who have been earmarked for **Tele-Counseling** are committed to promoting and protecting the wellbeing of every person who makes a call for help.

The helpline is for the students of the Indian Schools in Oman. Parents can have access to the line only in relation to the problems of their wards studying in Indian Schools.

We are very hopeful that this initiative will be a source of consolation and comfort to the students.

The number for this dedicated service is

**90990444**

The name & logo of the initiative represents the solace a child in despair gets from the patient hearing by the counsellor who assures, 'Here, for you – let's talk.'

Regards,

**T. R. BROWN**  
Principal
