

# INDIAN SCHOOL SALALAH

Circular No. ISS/DP/05/2025-26

Date: 28/05/2025

## Invitation to Join Task Force – Support for School Construction Projects

Dear Parents,

*Warm greetings from Indian School Salalah !!*

We are excited to share that two major infrastructure development projects are in progress at our school:

- **Project A:** Addition of a new floor to the KG Building
- **Project B:** Construction of a new Main School Building

To ensure the successful execution of these projects **with professional oversight and expert guidance**, we are seeking the support of **parents with relevant technical expertise**.

We invite parents of professional background such as **Civil Engineers, Structural Engineers, or Project Engineers** to volunteer as members of the **Construction Task Force Committee** who meet the following criteria

- **Professional Background:** An engineer with substantial experience in MEP, Structural, or Civil Construction Engineering.
- **Voluntary Service:** Willingness to offer services on a **purely voluntary basis**, without any honorarium.
- **Time Commitment:** Ability to dedicate approximately **4–5 hours per week** for conceptualizing, planning, and advising on infrastructure-related projects.
- **Conflict of Interest:** Should not have any professional or commercial conflict of interest with these projects mentioned above.

Your valuable experience and insights will play a crucial role in helping us manage and deliver these projects efficiently and effectively. Interested volunteers who fulfill the above criteria are requested to submit their **latest resume** along with a **covering letter** expressing their interest to **taskforce2025@indianschoolsalalah.com** at your earliest convenience.

We sincerely look forward to your support in building a stronger and better learning environment for our children.

Warm regards,

*Deepak Patankar*
